addressed a reply in the matter
of [illegible] to
[illegible] to make up the deficit
of Rs 1,500/- formerly found by the
Dyke St Board who were permitted
to discontinue the same from the
the year 1944-45. Towards the maintenance
of the Krishnamagaramagam Mal high School,
the local Mal cl requested that,
either sanction to pay a sum
of Rs 900/- pa being the Tools and plant charges
on the maintenance of the local water
works or to hand over the management
of water works to them control by which
the Mal cl may save about Rs 200/-
under plant & Tool charges

The D P H Where opinion has been
called for in the matter is not in favour
of transferring the management of the water
works to the control of the Mal cl
in respect of waiving the plant & Tool
charges, as prayed for by the Mal cl,
he states that the same cannot
be waived except under special
orders of Govt

In this connection, it may be stated that the financial position of the Mill is very unsatisfactory as seen from the marginally noted figures, as per sanctioned budget estimates for 44-45 this was a running mill and was recently converted to a Three one

Receipts — Rs 32,5
Expenditure = 32,4
closing balance.

In the above circumstances, the request of the Krishna Sugarcane Tramway Mill either to waive the plant & Tool charges on the A & B charges of water works in their hand over the management of the water works to them control is subject to grants with reference to grants.

9 & 10 supra — A or B

Mill 7/12/44 hoping the request will be complied with.

It has been recently suggested that a Sugar Mill may be advised to increase its resources. The revision of assessment on lands & buildings will be taken up shortly. This will increase their income to some extent. The Dy Commissioner may be informed accordingly.

Yours sincerely,

ORDER NO L 11970-3/L B' 20-42-182
Dated, Bangalore, the 27th May 1944
